HILL COMING TO FICHT CROKER.

Ex-Senator Will Arrive Here To-Morrow to Start Row.

DANFORTH PRECEDES HIM

Opposition to Tammany Is to Be Crystallized and Set Moving.

Hill, deposed by Richard Croker as the leader of the Democracy of the Empire State at the Kansas City National Convention, is to arrive in this city to-mor row. With his arrival here will be in-suggrated the greatest fight in the history of Tammany Hall.

The ex-Senator is to lead the anti-Tammany forces and will be a conpictions figure in municipal politics for the next twelve months.

Heles plan, cunningly contrived at the Demoratic State Convention held at Saratoga, is about to be put in operation ered at the Kansas City Convention

be nominated for the office of Governor, Hill allowed the Croker faction to run riot and dominate the convention

The revenge they planned was to enter Tammany's own lair, organize a move-

hereste-morrow to make his preliminary arrangements.
Elliott F. Danforth, Senator Hill's closest lieutenant, reached town to-day. He brought the news that the former Governor would be here within twenty-four hours and intimated that things would "site up a bit" after his arrival.

Mr. Danforth would not give information about his interview with his chief, but it can be stated on the best authority that Mr. Hill's friends in this city will aid the Committee of Fifteen, and do all in their power to promote an anti-Tammany movement.

They are already working in several Assembly districts to stir up a revolt against Croker rule, and they will join heartly in any movement that promises the downfall of the boss of Tammany Hall.

Whether they will try to form another to the companization in the city has not yet been determined. Just now they believe that co-operation with a citizens movement is the best means of accompilshing the purpose they have in view, but later it thay be decided that another oragnization should be formed.

Hell will look over the ground toanother oragnization should be formed.

Mr. Hill will look over the ground tomorrow and arrange his plans in accordance with his observations. Friends of
the ex-Senator said to-day that he was
determined to fight in the open for once
in his life.

Army Bill Provision to Increase the Force Opposed by Congressmen.

WASHINGTON. Dec. 5.—Something of a sensation was created during the debate this afternoon on the Army bill in the House by Congressman McCall, of Massachusetts, who delivered an hour's speech in opposition to the bill. He criticized some of the technical features of the bill, chaiging that the organization proposed was not economical, in that it contemplated the same number of \$5.000 as for an army of 100,000.

He was especially severe upon the proposition to lodge in the President for all time, unless Congress acted to the strength of the army at will. But it was against the policy of retaining the Philippines and the inauguration of a colonial policy that he opened all his of the sensation was proposed.
